

DEAN SINCLAIR, RPF, CRSP

PRESIDENT / OWNER

dcsconsulting@telus.net

Overview

After 15 successful years in the forest industry in BC and overseas in New Zealand, Dean Sinclair started DCS Consulting Ltd. in November 2008 to provide safety consulting and safety auditing services to clients throughout BC and Alberta. Throughout much of his career he has been involved in safety management and has over 18 years of experience in safety. In 2004 he successfully completed a National Certificate of Occupational Health and Safety while working in New Zealand and in 2012 he became a Canadian Registered Safety Professional (CRSP).

As a professional forester Dean was responsible for planning, developing and maintaining forestry infrastructure including roads, bridges, culverts and environmental stewardship for over 15 years. Dean continues to build on this experience in the safety world.

Dean has been a certified external auditor for the WorkSafeBC Partners Program since 2007 and is currently an auditor for 4 different certifying partners. To date, Dean has completed COR audits on over 350 large and small organizations in a variety of organizations including local and regional government, health care, construction, road maintenance and construction, forestry, manufacturing and consulting.

DCS Consulting Ltd provides a range of professional safety consulting services, including “Safety Manager For Hire”, construction site safety coordinator services, safety program development and updates and safety training. With an instructional designer as a co-owner, DCS Consulting Ltd has the experience and expertise necessary to develop custom training programs and courses for any topic in any field. Courses developed to date have included Safety Law, Safety Communications and Incident Investigation.

Dean has extensive experience in project management, incident management, field supervision and development planning and has a proven track record of delivering projects on time and on budget.

Testimonial

"I have engaged Dean's services as an external COR auditor 3 times, for 2 different companies and he will continue to be my go-to person for health and safety services. Dean is organized. Extremely knowledgeable and a pleasure to work with. We received our audit results in a timely manner, with practical recommendations that were easy to implement for our organization. I highly recommend Dean to anyone looking for an auditor or other health and safety services."

- Ray Henderson, CRSP. Manager HS&EM - Capilano University
