

BUILD YOUR CAREER

WITH THE CITY OF PRINCE GEORGE

MANAGER, HEALTH & SAFETY Human Resources & Corporate Safety Department

Promote a Positive Health and Safety Culture in a Diverse Operating Environment

About Our Community:

Boasting a high quality of life and standard of living, Prince George has all of the amenities of a large city mixed with the friendliness and appeal of a smaller community. Prince George's central location in the province offers work/life balance with unparalleled access to four-season outdoor recreation activities that are complemented by a full range of urban amenities and a comprehensive transportation infrastructure that connects local residents, businesses, resources and agricultural products to markets around the world. And it is only a 15-minute drive to almost anywhere in Prince George – spend less time commuting and more time doing what matters most to you!

About Our Organization:

The City of Prince George is committed to ensuring a positive, well-balanced work environment for its employees. With opportunities for employee training, professional development and employee wellness programs, the City offers a safe and supportive workplace in which to serve our community!

About The Opportunity:

You will provide strategic direction and leadership on all aspects of occupational health and safety and work to foster a proactive safety culture in our diverse work environment. Through the development and implementation of various policies, procedures and programs, you and your team will support the City's ongoing efforts to achieve health and safety excellence and ensure organizational compliance with regulatory standards and industry best practices. You will provide responsive advice and act as a technical resource to all levels of the organization and will be the City's primary contact with WorkSafe BC.

About Your Background:

You possess a diploma or degree in Occupational Health and/or Safety from an accredited post-secondary institution and preferably have a safety related professional designation (CRSP or CHSC). A proven leader, you have eight to ten years' progressively responsible experience in the health and safety field, of which a minimum of five years' was in a supervisory capacity. A record of extensive leadership training and ongoing professional development is also a requirement. Municipal government experience in the application of health and safety systems would be a definite asset.

You have a proven track record in solving problems related to workplace health and safety using practical, progressive approaches combined with the application of technical knowledge of occupational hazards and mitigation strategies. Energetic and persuasive, you are able to build and maintain positive, professional relationships with all levels of the organization, WorkSafe representatives, industry counterparts and external consultants.

Why You Will Love Working for the Corporate Health & Safety team at the City of Prince George:

- Educate our diverse workforce on proactive workplace safety measures.
- Lead a team of safety professionals in enhancing our safe, healthy and productive workplace.
- In this **exempt** position, we offer a competitive salary along with a comprehensive benefits and pension package.
